

LABRADOR LODGE
"ON THE SHORES OF BIG ROUND LAKE"
Hayward, WI 54843

Labrador Lodge is located on the shores of Big Round Lake in the most southwest bay (Edgewater Bay). It has mild to moderate elevation with only 17 steps down to the water's edge. This beautiful 2,000 square foot finished home sits only 75' from the water and is nestled in a mature pine forest setting.

Swimming is excellent with a very gradual slope from the lake to approximately a 5 feet water depth at the end of the dock. The shoreline has a pebbly bottom that goes out about 2 –3 feet and then it becomes a luxurious sandy bottom. The water is crystal clear and invites you to enjoy!

This is the kind of private vacation home you and your family will love to come back to year after year.
